Case No. 1:20-cv-06260
Amended Complaint

Magistrate Judge Hon. Sarah Netburn

Complaint for Declaratory Relief & Compensatory Damages

I. Introduction

1. The Plaintiff, in proper person, is filing this complaint and respectfully requesting a declaratory judgment and compensatory damages against the aforementioned Defendant for causing harm & damages to The Plaintiff in clear violation of New York State Tort statutes; the United States' and New York State Constitutions; & several federal, state, and local statutes when The Defendant's personnel infringed on The Plaintiff's Civil & Constitutional Rights by detaining and falsely imprisoning him on multiple occasions in complete disregard for The Plaintiff's life, liberties, reputation, and livelihood.
1. After being falsely detained by the City of New York Police Department Transit 11th Division on May 9th 2019, by Officer John Doe #1-#3, and noticing an increased police presence wherever he went, The Plaintiff would become the unfortunate victim of multiple thefts and their ensuing cover-up attempts which resulted in the unfortunate forcible imprisonment of The Plaintiff against his will & consent at Jacobi Medical Center, located at **1400 Pelham Parkway South, The Bronx, New York 10461**, for 21 hours on **August 9th 2019**, 4 days after the last attempt at stealing from The Plaintiff (see **Exhibits 2-8, 12-13, & 25-26**).
2. After experiencing that unfortunate experience The Plaintiff began the notification phase of his legal endeavors and would start informally informing all involved parties of the pending nature of several litigations against them. After being informed, several of the involved parties felt the need to further discredit and slander The Plaintiff by once again getting The Plaintiff forcibly imprisoned against his will & consent in an apparent attempt to deprive him of his due process right, further their discrimination scheme, and slander & discredit him. (see **Exhibits 17-24 & 35**)
3. On August 30th 2019 one of those parties felt the need to call The Defendant's personnel to help them facilitate and advance along their plans. Despite not having no valid nor legitimate reason to, the parties in question called The Defendant's personnel, Officer John Doe #13-#17 & Jane Doe #1, and despite having a normal casual conversation with The Defendant's personnel (John Doe #12 & #13) and not displaying any reason to warrant it The Defendant's personnel collectively sought it fit and within their authority & duty, all while showing a complete disregard for The Plaintiff's multiple objections of being forcible confined, transported, and admitted to the **North Bronx Medical Center** located at **3424 Kossuth Avenue, The Bronx, New York 10467** (see **Exhibits 14 & 15**), at this point the 2nd time in less than 3 weeks by the same **City of New York Police Department 52 Precinct**, located at **3016 Webster Ave, The Bronx, New York 10467** in what can only be described as blatant entrapment scheme regardless of the cognitive awareness of the participants in each events, from the

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

guilty parties that fraudulently called the Defendant's personnel, known as a SWAT call (see *Exhibit 12*), to the Officers that responded to the incident and their choices of actions thereafter.

2. Through The Defendant's personnel's several limited encounters and interactions with The Plaintiff, said personnel would automatically assume The Plaintiff was always in the wrong and the aggressor despite more often than not being the actual victim; prescribed to their own preconceived beliefs & ideas; disregarding all & any evidence to the contrary, never even alone attempting to bear witness to any, of what they believed was occurring regardless of how well the situations spoke for themselves; & depict The Plaintiff as wrong, unhinged, and criminal to all around whom were present for said situations, in a complete disregard for public order or safety.
 1. From The Plaintiff's several first encounters with the City of New York Police Department personnel The Plaintiff would gain the impression, at the least, that his encounters with the Department were questionable, if not fabricated, from the Department's questionable gained interest in The Plaintiff after his state tax refund was questionably withheld (see *Exhibit 1*) and even more after he would report what he believed to be an entrapment attempt (see *Exhibits 1-3*), at the least, to the City of New York Civilian Complaint Board (see *Exhibit 4*) to invasion of privacy, at the most.
 1. From the very onset The Plaintiff would gain the impression that the Department's personnel appeared to either know or knew of The Plaintiff, which The Plaintiff would argue is apparently impossible due to their actions showing their lack of knowledge of The Plaintiff, who he is, what he stands for, nor of his passive, non-confrontational, peaceful nature. The Plaintiff would also argue that the Department's personnel's actions would perpetuate, embolden, & assist in the furtherance of the terror campaign The Plaintiff was the unfortunate victim of, regardless of those personnel's unquestionable cognitive awareness of it.
 2. Despite the Department's Officers having no obligation to protect anyone individual from another, unless they are liable for the harm and/or danger that one person could be in, they do however have a duty to ensure public order and to protect the community (public) at large and maintaining safety & order.
 1. Despite not having no obligation to protect anyone from another the City of New York Police Department would feel the need to answer & respond to fraudulent calls about The Plaintiff, a known fact due to it being blatantly easily obviously on display in the Cricket Wireless Sprint 911 Call (see *Exhibit 12*) when the caller stated that The Plaintiff was 205 years old and had the "wrong" glasses as if attempting to act like she knew The Plaintiff, and in spite of the current police brutality climate & easily triggered fingers of NYPD, on display through their easily assumed assumption that The Plaintiff was the guilty criminal party, however the City of New York Police Department would still feel the need to answer and send Officers to these hate-filled & malicious fraudulent calls ("SWAT") & create an unnecessarily dangerous situations for The Plaintiff and everyone involved, from the Officers to the general public. Despite the criminally scheming nature of the City of New York Department of Homeless Services, they could have passed the call to the Shelter Staff or the Department, as they have done to The Plaintiff countless times since.
 2. Once on the scene the City of New York Police Department Officers would never attempt to even properly investigate what was occurring, a clear violation of their patrol guide & in the face of The Plaintiff attempts to fully inform them of what was occurring, and would automatically believe the fraudulent calling party, despite deliberately

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

ignoring all The Plaintiff's legitimate 911 calls especially after the expiration of The Plaintiff's ACD that was pertaining to the May 9th 2019 entrapment arrest, & assume The Plaintiff was the lying and aggressive party, a biased and racially motivated assumption, another clear and cut violation of the NYPD patrol guide. The Officers would also pat down The Plaintiff during the August 9th 2019 encounter (see *Exhibit 25*) and bring riot gear to the August 30th 2019 arrest despite every interaction The Plaintiff having with the Department & it's Officers leading up to those fraudulent arrest being corgile, non-violent, & non-confrontational and all the agitating actions being on the Officers parts along with racially profiling, false imprisonment, defamation, & assumed detaining custody of The Plaintiff, despite having no legal, valid, nor legitimate reason to infringe on The Plaintiff's rights to searches, & the obligation to walk away from a dangerous situation, something if The Plaintiff is not mistaken is a New York State obligation to anyone that is in a situation to attempt to walk away first.

3. After answering the fraudulent calls and sending Department Officers, who would go against their main duty of protecting public safety and the public at large by assisting & furthering the terror campaign The Plaintiff was the unfortunate victim of by agitating and provoking him & even attempting to convince The Plaintiff into the exact opposite of what he was saying and occurring, even going so far as to tell The Plaintiff that he was in the wrong despite not really hearing both sides of the story and in the face of of what The Plaintiff was claiming, all while sanctioning & condoning the fabricating of dangerous situations and endangering everyone around by acting as they did. The Defendant's Officers would then endanger both The Plaintiff & general hospitals' public by imprisoning The Plaintiff around other individuals whom were already admitted and any possible dangerous situation that could arise from assuming custody of said aforementioned personnel by deliberately attempting to portray them as mentally unstable, a slanderous & dangerous stigmatization to knowingly stigmatized to anyone. Through the Defendant's Officers choice of biasingly believing the fraudulent callers' illiterately malicious intent to portray The Plaintiff as mentally unstable despite there being no valid, legitimate, nor reasonably sound reason to & it's apparentness first step in forcing The Plaintiff to die at the hands of the City of New York Police Department and by extension them, as Exhibit 37 & countless news articles about stories just like the situation The Plaintiff was forced into throughout the country and years would show. As a direct consequence of the Department's Officers' actions, regardless of the time spent thinking or the thoughtfulness behind their decisions due to the assumed common sense nature of the blatant murder attempt those aforementioned callers were attempting to pull off, The Plaintiff would obtain a mental disorder & criminal stigmatization and get transferred to Kingboro's Men's Shelter, a New York State owned hospital, where The Plaintiff would eventually have his property stolen as an apparent form of retaliation. The Defendant's Officer & Fraudulent Callers would deliberately create unnecessarily danger situations for The Plaintiff and those in the vicinity, as well as the very same callers, and despite being directly responsible for the present danger those involved would feel no obligation, despite it being clear as day, to attempt to defuse, deescalate, or defang said dangerous situations and their direct & indirect byproducts such as the likewise present danger of jail or hospital psych wards in the clear face of the self-fulfilling obligation of protecting those one places in danger.
3. Through the Defendant's personnel's actions of detaining & forcibly admitting The Plaintiff, he would be forced to endure through the stigmatization associated with having a mental disorder

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

and/or criminal record. As a direct consequence of aforementioned personnel's actions The Plaintiff was forced to miss work, and his scheduled wages for that day, and would also have a gradual harder time obtaining employment or a decent quality of life.

1. By forcing The Plaintiff to be associated with the stigmatization affiliated with these demographic characteristics The Plaintiff was forced to endure through countless discrimination and harassment encounters to overt shows of hate, distain, malice, & ill-will towards him.
2. By choosing to answer, let alone respond, to fraudulent calls about The Plaintiff, let alone several, the Defendant's personnel created hazardous situations for all those involved, even the general public at large, and time after time those personnel would fall victim to blatant bias and end up, whether knowingly or unknowingly, exacerbating said aforementioned situations.
3. As a direct consequence of said personnel's actions The Plaintiff was branded with the stigmatization of having a mental disorder and/or having a criminal record. As the intended byproduct of these acts, being falsely imprisoned 3 times, The Plaintiff would end up getting transferred to a disciplinary shelter hospital, owned by New York State, where once again after The Plaintiff would attempt to inform the Defendant of this claim he would be retaliated against and during the course of which he would lose his property & belongings. During all this due to the aforementioned byproduct The Plaintiff would become exposed to horrendous & dangerous situations that would cause The Plaintiff emotional and physical turmoil the likes of which he's never experienced before.

II. Claim

4. *The Plaintiff was profiled by the Defendant's Officers after their choice of answering to a fraudulent 9-11 SWAT call, a clear and present public danger & in clear violation of the City of New York Police Department Patrol Guide, & forcibly imprisoned on several occasions that surreptitiously slanderously stigmatizing The Plaintiff. As a direct consequence of their choices The Plaintiff was endangered & emotionally terrorizing and caused to lose his property after exposing him to countless dangerous and harmful situations that would cause The Plaintiff irreversible harm.*

III. Jurisdiction & Venue

5. The Plaintiff brings this case pursuant to 42 U.S.C §1981, §1983; New York Consolidated Laws, General Municipal Law Article 4 §50-J; City of New York Police Department Patrol Guide; Civil Rights Acts; for violation of The Plaintiff's Civil Liberties and the infliction of damages upon the The Plaintiff due to The Defendant's personnel's actions.
6. This case presents a federal question within this Court's jurisdiction under Article III of the United States Constitution & 28 U.S.C. §1331, §1343, §1332.
 1. ***"Did The Defendant attempt to disenfranchise The Plaintiff of his due process right?"***
 2. ***"Did The Defendant attempt to discriminate against him due to his Civil Rights characteristics as outlined in the Civil Rights Act?"***
 3. ***"Did The Defendant willfully place The Plaintiff in countless hazardous situations through their personnel's willful acts and/or omissions?"***
7. Declaratory relief is authorized by 28 U.S.C. §2201 and §2202.
8. Compensatory damages is authorized by 42 U.S.C §1981.
9. Venue is proper in This Court under 28 U.S.C §1391 because one or both parties reside in this

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

district and a substantial part of the events given rise to this claim occurred in this district.

1. Due to The Plaintiff's desire to preserve his due process right, and negate all mistakes and/or unjustifiable improprieties, The Plaintiff feels The United States District Courts would be the bare minimum venue to hear The Plaintiff's complaints.
10. The Plaintiff does not seek a jury trial and designates Manhattan as the place for trial.

IV. Cause of Action

11. Violation of 5 & 14 Amendment Rights

1. In United States Constitution Law, a Due Process Clause is found both in the Fifth and Fourteenth Amendments which prohibits arbitrary deprivation of life, liberty, or property by government as authorized by law. The United States Supreme Court would interpret these clauses broadly, concluding that they provide three protections (in both civil and criminal proceedings):
 1. ***substantive due process, a prohibition against vague laws, & as the vehicle for the incorporation of the Bill of Rights.***
 2. The Plaintiff would also like to add ***“procedural due process rules are meant to protect persons not from the deprivation, but from the mistaken or unjustified deprivation of life, liberty, or property”***
2. During every interaction The Plaintiff had with The Defendant's personnel he would make sure to verbally and visually communicate with said personnel of his refusal to be detained and forcible imprisoned against his will and despite not having any legitimate nor valid reason to and being provided with multiple physical exhibits to invalidate their actions and choices, those personnel would deem it necessary and within their authority & duty to assist fraudulent parties in their aim to disenfranchise and destitute The Plaintiff of his civil liberties.
3. In spite of the face of the statues, and as it seems the modus operandi of their actions, and in lue of The Defendant's, and it's governing power's, ever growing choice of interest in The Plaintiff (see ***Exhibit 1-4***), The Defendant's personnel would attempt to taint The Plaintiff in the eyes of The United States Judiciary and deprive him of the right to legal protection under the color of the law and as such deprive him the ability of being a participating party, or being able to represent himself, in the United States Judiciary system and as such forcing The Plaintiff or any reasonable person into criminality, a exacerbating characteristics for anyone especially The Plaintiff due to his race, color, & national origin.

12. Violation of Civil Rights Act

1. The United States Civil Rights Act prohibits any form of discrimination, especially in public accommodation, on the basis of race, color, sex, religion, or national origin.
2. The Plaintiff was always assumed guilty & the aggressive party, a stigmatization often associated with The Plaintiff's race, color, & sex, and penalized accordingly, another stigmatization often associated with The Plaintiff's race, color, & sex and in the face of countless exhibits, always present on The Plaintiff but never afforded the opportunity nor chance to present, and physically evidence (see ***Exhibits Packet***), such as The Plaintiff's demeanor and/or countless attempts at communicating, through any conceivable method, of the actual occurrence of what was happening, The Plaintiff would always get treated as, through a lack of better words, a criminal black man along with all the stereotypes and stigmatization, and apparently regardless of their factual nature, associated with it, something that common sense would dictate is a clear and present violation of The Civil Rights Acts, on it's face and through it's countless interpretations.

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

13. Violation of New York State Tort Statutes

1. In accordance with *New York Consolidated Laws, County & General Municipal, Article 2 Section 52 -54 & Article 4 Section 50-J* respectfully as well as *New York Consolidated Laws Public Officers Laws*, in particular *Section 10*, and *New York State Law Section 72 & 74* The Defendant's personnel placed The Plaintiff in countless hazardous & fictitious situation that have created irreversible damages and pain & suffering to The Plaintiff in clear violation of tort cannon. Despite not owing no one in particular any protection The Defendant's personnel would feel the need to protect random fraudulent SWAT callers from The Plaintiff by subjugating him to deliberate stigmatization that has for centuries allowed countless deranged, malicious, & weak willed individuals to get away with flagrant and blatant murder and despite being directly responsible for this dangerous stigmatization The Defendant's personnel would do everything in their power to never attempt to correct their wrong, going out of their way to stay wrong, and instead would go onward to attempt to further hinder, obstruct, and harm The Plaintiff through further deliberate wrong choices, as The Plaintiff would infer from his own perspective.

14. Amount In Controversy

1. The amount in compensatory damages requested meets with the required threshold for This Court and the actual amount in damages surpasses the maximum of most any courts this litigation would also fall under the jurisdiction of.
2. Due to The Defendant being a governmental agency and The Plaintiff seeking a fair and just judgment due to The Defendant being part of a governmental body that has on numerous occasions wronged and disenfranchised The Plaintiff and as such The Plaintiff deems This Court as the proper, and only, venue for the damages and relief The Plaintiff seeks.
3. As well as inline with Tort cannon The Plaintiff believes all damages seeked are just, fair, and valid due to The Defendant's personnel acts and/or omission being both, despite it being mind-boggling, directly and indirectly responsible and liable for the harm and damages as it pertains to The Plaintiff as outlined in this complaint.

15. The Plaintiff, *Yaya Jallow*, (hereinafter "The Plaintiff", "Plaintiff") is an individual who is currently a resident of the State of New York & the City of New York.

VI. Allegation of Facts

17. Facts

1. After being falsely detained by the City of New York Police Department MTA Transit 11th Division at the Fordham Road Subway station, located at **417 E Fordham Road, The Bronx, New York 10458**, and being questionably detained, imprisoned, & charged The Plaintiff would notice increased police presence until ultimately climaxing in the second forcible imprisonment of The Plaintiff at

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

Jacobi Medical Center, located at **1400 Pelham Parkway South, The Bronx, New York 10461**, against his will for 21 hours on August 9th 2019 under false pretenses and in the face of undoubtable evidence to the contrary and once again on August 30th 2019, for the 2nd time in less than 21 days, by unidentifiable City of New York Police Department 52nd Precinct Officers (**John Doe #7-#11 & Jane Doe #1**) and unidentifiable Fire Department of the City of New York Paramedics (**John Doe #1**).

1. Around August 2019 after suffering for several months, 3 months at that point, at the hands of The Staff at the shelter, operated in-conjunction by another one of The Defendant's agencies along with being sold a defective cellular device (*see Exhibit 5*) by one of his phone provider's authorized dealer. After being ripped off multiple times over the course of the summer of 2019 and having his cellular service, in a semi-signal jamming manner, questionably suspended for a couple of days following up to and afterwards on August 9th 2019, four days after paying his phone bill (*see Exhibit 6*) and two days after his service was "questionable suspended" (*see Exhibit 7*), The Plaintiff deiced enough was enough and he was going to return the favor to the store employees for all the amount of extra work (attempted trauma) they had caused him to endure.
2. After going to the store where The Plaintiff had bought the phone, located at **836 Dekalb Ave, Brooklyn, New York 11221**, which had possibly been tipped off to The Plaintiff's visit by his neighborhood store, located at **327 East Fordham Road, The Bronx, New York 10458**, after he had visited and attempted to obtain a refund and was refused and told to go to the store he bought the phone from, and finding the store closed once again for a second consecutive day The Plaintiff headed back to his neighborhood store once again, with the intent of, seeking a refund or a new device before heading to work.
 1. Once there the store employee refused to honor any of The Plaintiff's request and in turn The Plaintiff went on to inform the store employees of his intent to return the favor of them plain out harassing him to which the store employee told The Plaintiff to go ahead.
 2. The Plaintiff informed the store employee that he was going to take everything off the hooks and place them on the floor even making sure to tell her that he wasn't going to damage anything, to which she gave consent to and with a complete disregard for The Plaintiff's statement.
 3. The Store employee then told The Plaintiff to once again go ahead.
 4. The Plaintiff once again stated what he was about to do, to which the store employee once again gave him confirmation to go ahead.
 5. After receiving verbal and visual confirmation The Plaintiff then proceeded to go around the store and take everything off the hooks and place them on the floor and making sure not to damage anything. (*see Exhibits 25-26*)
 6. At first the store employee didn't care and was even getting ready to pick up the products until second thought after looking The Plaintiff in the eye, changed her mind and decided to call The Police (*see Exhibit 12*). To which The Plaintiff made the effort of informing her that he hadn't done anything illegal nor inherently wrong, it was only them and that she could but she had no right nor reason to and she was really calling The Police on herself, for making a false police report.*see allegation point #1
 7. After the City of New York Police Department Officers John Doe #7-#11 & Jane Doe #1 arrived The Plaintiff attempted to inform The Defendant's Police Officers of what was occurring regardless the City of New York Police Department personnel (Officers John Doe #7-11 & Jane Doe #1) were dismissive, even going so far as to attempt to side with the store employee and attempt to persuade The Plaintiff into thinking he had broken disorderly conduct laws to which, The Plaintiff would rebuff ever attempt the City of New York Police Department Officer John Doe #7 would make to convince The Plaintiff into thinking he had broken a law, let alone any. The Officer John Doe #7 would then deprive The Plaintiff of the ability to casually calmly walk away, a state obligation, and go on to work (*Exhibit 25*)

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

8. After several conversations with the City of New York Police Department Officer John Doe #7, he would decide that they were going to send The Plaintiff to get an evaluation all to which The Plaintiff verbally, visually, and as semi-physically as possible in that situation objected to and plain out refused (see *Exhibit 25*). Due to having to go to work around the same time and living a considerable distance away along with a desire to defuse the situation The Plaintiff did as the City of New York Police Department personnel asked and were telling him to do and waited with them until the ***Fire Department of The City of New York Engine 48 / Ladder 56 / Division 7*** arrived, around 30 minutes later (see *Exhibits 12 & 25*) despite being located within a 5 minute walk from the incident location at ***2417 Webster Avenue, The Bronx, New York 10458***, even with the levels of traffic present that day. (*Exhibits 25 & 12*)
9. When the Fire Department of the City of New York personnel, Paramedic John Doe #1, arrived The Plaintiff once again reiterated his absolute denial and refusal of being taken to the hospital and had just waited to make sure to inform the City of New York Police Department personnel that he hadn't broken any laws nor merchandise and that they were just calling the Fire Department of the City of New York personnel because they knew they shouldn't arrest him. After having a conversation with The Plaintiff which ultimately was pointless due to the City of New York Police Department & Fire Department of the City of New York personnel's' (Officers John Doe #7-#11 & Jane Doe #1 & Paramedic #1) already perceived belief that The Plaintiff was in the wrong.
10. Despite all of The Plaintiff's attempts to avoid the situation The Plaintiff was forcible sent to Jacobi Medical Center where he was confined and imprisoned against his will for the following 21 hours and unfortunately released with a false & fraudulent diagnosis of ***Psychosis*** (see *Exhibit 13*) despite not exhibiting any symptoms to warrant such a diagnosis.
3. After this unfortunate event The Plaintiff felt it was only natural to begin with legal proceedings against all involved parties. After being released The Plaintiff began the notification phase of his legal endeavors and began to file out a formal in-house grievance complaint (see *Exhibit 17*) at the shelter he was staying at due to their possible involvement in The Plaintiff getting confined for the 21 hours instead of 2 hours as prescribed or a few minutes as The Plaintiff was lead to believe. After having his complaints/grievances ignored and only serving the purpose of informing those involved due to a desire to avoid formal litigation The Shelter Staff continued their retaliation campaign against The Plaintiff in what can only be summed up as a complete disregard for The Plaintiff's life.
 1. Around the week of ***August 25th - 31st 2019*** in what can only be described, as it seemed at the time and thereafter, as part of their retaliation campaign, the "***supervisory/retention/specialist staff***" at the shelter held what can only be summarized as a strong-arm intimidation "***sit-down meeting***" with The Plaintiff where they attempted to infer to The Plaintiff that if he wanted to stay at BRC – Reaching New Heights men shelter, located at ***237 Landing Road, The Bronx, New York 10468***, he better stay quiet and let them do as they want. Once The Plaintiff communicated back that he would not be doing such a thing they began to allude to The Plaintiff if he didn't commit himself they would see to it.
 2. On August 30th 2019, after the failed intimidation attempt the Shelter Staff began their daily harassment streak early in the morning by switching off the laundry machine after breakfast despite leaving it on all night, coincidentally the same day The Plaintiff had an interview, with the goal of once again annoying The Plaintiff. After attempting to do his laundry and noticing that the laundry machine was off The Plaintiff went downstairs to the reception desk and asked the Staff to turn the laundry machine back on due to him having just seen it on. After waiting an unnecessary amount of time The Plaintiff then went back downstairs to tell the Staff in no uncertain terms that he was frankly done dealing with all their nonsense and he wasn't going to tolerate it anymore nor had been and that they should stop pretending

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

and leave him alone.

3. After that exchange The Plaintiff then went back upstairs and proceeded to unfortunately get ready to shower without doing his laundry when next thing he knew the door to the bathroom began to slowly ajar to which The Plaintiff responded by turning around and staring at the door. After opening the door a bit, a voice would announce themselves as the City of New York Police Department personnel and that they were there because they got a call. The Plaintiff responded by coming out of the bathroom and then was escorted by the City of New York Police Department Officers, Officer John Doe #13-#15 & Officer Jane Doe #2, outside, after grabbing his shirt, and downstairs to the front of the building.
4. Whilst The Plaintiff was in front of the building the Shelter Staff inside would begin making what seemed like monkey antics all while pointing and laughing at The Plaintiff and Defendant's Officers in what seemed like a childish antics to agitate The Plaintiff into acting out in front of the City of New York Police Department Officers John Doe #13-#15 & Jane Doe #3 and hopefully getting killed. While standing outside The Plaintiff and the City of New York Police Department Officers John Doe #13-#15 would hold first a casual conversation about sports and then some small talk. During this time The Plaintiff would ask The Officers what they were doing to which they stated that they had received a call and due to the nature, which they would never devolve, of the call they were taking him to a hospital to which The Plaintiff would visually and verbally object multiple times to, regardless The Officers (Officer John Doe #13-#17 & Jane Doe #2) would state once again due to the nature of the call and internal policies the only option they had was to take him to the hospital. The Plaintiff would go on to object during the wait for the ambulance, during the drive there, and even before being admitted that he was not consenting to nor allowing his forcible confinement to the hospital, this time *North Bronx Medical Center* located at *3424 Kossuth Ave, The Bronx, New York 10467* (see *Exhibits 14-15*).
5. After once again begin forced to undergo an evaluation and once again receiving false diagnoses (*Exhibits 13-16*). This time despite being held only for 2 hours The Plaintiff would go on to receive a diagnosis of *Schizophrenia* (see *Exhibit 15*), a completely different mental disorder than the one he received on August 9th 2019 (see *Exhibit 13*), 21 days earlier, which doesn't even share any underline correlation with the first diagnosis of *Psychosis*.
4. After being discharged The Plaintiff returned to the shelter and after having the information on his last discharge papers disclosed by the Staff he refused to even show them the paper to which the Staff responded to by once again calling the City of New York Police Department. The Plaintiff ignored them and went upstairs to grab some of his belongings. After the City of New York Police Department (Officer John Doe #19-#22) arrived despite calling them because he wouldn't show them his discharge papers the Staff somehow already knew what The Plaintiff's new diagnosis was and made sure to shout it out loud and clear for the City of New York Police Department Officers to hear when they arrived hoping once again the City of New York Police Department Officers would hurt and/or kill The Plaintiff.
 1. Despite once again not displaying any erratic behavior nor anything that would warrant it the City of New York Police Department Officers felt the need to once again side with The Staff and force The Plaintiff to leave, a biased Civil Rights violation.
 2. *see allegations point #3

18. Allegations

1. Despite knowing of the fraudulent nature of the SWAT calls and the known nature of it (see *Exhibits 11-12*), The Defendant's personnel would feel the need to send Officers to the location, creating a present danger to everyone there and the public at large and due to the hoax nature of the event The Defendant's Officers would break their one and present duty to maintain public order and safety, while performing conduct unbecoming of an Officer of the

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

City of New York Police Department, while simultaneously endangering The Plaintiff by imprisoning The Plaintiff and attempting to depict him as mentally unstable and a criminal, a racial stereotype.

2. Despite never displaying any behavior that would warrant The Officers response The Plaintiff would never be believed and instead assumed to be the guilty lying party, a racial stereotype, & despite The Shelter Staff performing monkey antics The Plaintiff would be again falsely imprisoned & labeled with the stigmatization of having a mental disorder concurrently with being exposed to the danger present at a hospital psych ward & being stigmatized with having a mental disorder all from The Defendant's personnel's choice of answering a known SWAT call.
3. Despite not lying The Plaintiff would always be assumed to be the lying aggressive party, a racial stereotype, & despite there not being a warranted reason for it. The Plaintiff would be provided with false mental diagnoses that would directly result in The Plaintiff getting transferred as part of an elaborate plan to covet his possessions & get him kicked out the New York City Shelter System and possible die in the street or at the hands of the City of New York Police Department (see *Exhibit 37*).

VII. Damages

19. The Plaintiff is seeking the following compensatory damages:

1. Awarding The Plaintiff a total monetary relief of **\$310,545**:

1. Legal Cost: **127,545**

1. Case Research / Prep: **126,720**

2. Case Print-Outs: **175**

3. Litigation Cost/Fees: **650**

2. Compensation: **183,000**

1. Hospital Bills: **8,000**

2. Hardship Pain & Suffering: **25,000**

3. Loss Economical Opportunities: **50,000**

1. Wages: **25,000**

2. Potential: **25,000**

4. Hardship, Mental, & Emotional Distress: **100,000**

2. for the following reasons:

1. While the notice statute of limitation was still active for this complaint The Plaintiff would spend that year doing everything in his power to inform the proper and adequate channels of all the fictitious & slanderous nature of the events outlined in this and subsequential complaints. Due to the complex nature of this complaint The Plaintiff spent a good amount of time thinking, processing, pseudo-litigating, researching, & enduring through all the byproducts of The Defendant's personnel's acts and/or omissions instead of attending to his life and all the hobbies, activities, & endeavors that's associated with it. The Plaintiff has requested the aforementioned monetary damages due to The Defendant's personnel's actions being directly responsible for said compensatory damages.

1. Through the year lost attending to this and following litigations The Plaintiff lost out on **25,000\$**, that could have easily been earned through his employment that now is in limbo due directly to aforementioned actions as well as for years to come, at the moment as it stands at 2.

2. Through those personnel's choice of forcibly admitting The Plaintiff the

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

Plaintiff would incur hospital bills, that with interest would amount to the **8,000\$** requested when this litigation would be over, if The Plaintiff's math is not off, along with the emotional distress, and it's apparent never ending nature would justify the **100,000\$** price tag, incurred due to said admission.

3. Due to the time spent thinking and analyzing of the events outlined in this and following complaints instead of time that could have been spent on The Plaintiff's securities & equities endeavors and any one of the similar hobbies The Plaintiff's spends his free personnel time on and as well as along the lines of the attorney fees listed on The Court's website, The Plaintiff believes the **126,730\$** is a fair adequate price tag for a year spent researching this case, as well as in line with the similar rates a likewise law firm would charge any person that would seeks their help litigating a complaint of this nature, as The Plaintiff would assume in spite of his lack of knowledge as it pertains to attorney fees.
4. Inline with Court fees, **400\$**, and as a possible payment for the United States Marshall for servicing as well as possible asset retrieval The Plaintiff would add the additional **250\$**
2. A judgment pursuant to 28 U.S.C. §2201 & §1343 noting that The Defendant's agencies' personnel violated The Plaintiff's Fifth & Fourteenth Amendment & Civil Rights by depriving The Plaintiff of his liberties & livelihood through their actions in blatant willful ignorance and refusal of The Plaintiff's multiple objections and in the face of undoubted concert evidence in The Plaintiff's favor.
3. Possible Statements of Apologies from The Defendant's personnel.
4. Such other reliefs as This Court may deem just and proper.

**Hearing Officer's Determination:**

The respondent has failed to establish good cause to warrant a stay of entry of his/her default judgment because:

The Notice of Violation alleged that on 5/9/2019 at 6:38 PM at the Fordham "4" train station " Resp[ondent] was observed enter via jumping over turnstile avoiding lawful payment of fare w/o permission/authority." I find the NOV establishes a prima facie case. Pursuant to the NOV, a hearing was scheduled for 6/10/2019. When the respondent failed to answer the NOV on or before the hearing date, the respondent no longer had the right to have a hearing on the merits of the charge for which the NOV was issued. Pursuant to the warning on the NOV, it was deemed that an admission to the charge had been made and the mandatory fine was imposed with an additional default penalty. TAB Mailed a first notice of Default to the respondent at the address on the NOV.

Respondent appears in person and testifies that he did not appear on or before the hearing date, because shortly after this NOV was issued he received criminal summons for theft of services. His lawyer as well as the Judge stated to him that he could take care of both tickets on June 13, 2019 at criminal court. Today respondent went to criminal court to deal with both these tickets and it was there that his lawyer told him he had to go to TAB to deal with this NOV. He states he relied in good faith on his attorney's representation that he only needed to attend criminal court to deal with both tickets on June 13, 2019. He further states he came in today to pay the 100.00 fine, but feels it is very unjust and unprincipled to impose a 25.00 dollar default penalty when he simply did as he was told by his lawyer. The respondent is in the process of ordering the minutes to support that he relied on the incorrect statements made by both the Judge and his Attorney.

Based on the foregoing, I find that respondent does not establish a legally justifiable excuse for failing to respond to the NOV in a timely manner. I find that respondent was served with the NOV that indicated the hearing date and the instructions for how to respond, including how to appear in person or by mail or how to reschedule the hearing date. Therefore, I do not find good cause to stay entry of the default judgment.

Re: CCRB case number 201904033

Dear Mr. Jallow:

Following a thorough and impartial investigation by the Civilian Complaint Review Board's investigative staff, the Board reviewed the evidence regarding the above-referenced complaint. I am now writing to inform you of the Board's findings on the allegation(s) raised by this complaint.

Allegation(s) by letter:

Board finding(s):

A) Abuse of Authority:

Substantiated (Formalized Training)

Police Officer Rauling Frias interfered with Yaya Jallow's use of a recording device.

B)

Force: Police Officer Rauling Frias used physical force against Yaya Jallow.

Exonerated

For an explanation of Board findings, please refer to the enclosed letter, which details what each finding means.

In this case, the Board also substantiated one or more allegations raised by the complaint. Under New York City law, the Civilian Complaint Review Board has the authority to investigate certain types of complaints against police officers, make findings of fact, and forward its recommendations to the Police Commissioner. Only the Police Commissioner has the authority to actually impose discipline against a police officer. Consequently, the CCRB is forwarding this case to the Police Commissioner and the Department Advocates Office of the New York City Police Department, which is responsible for prosecuting administrative charges against police officers. Please be aware that in certain cases police officers are entitled by law to an administrative hearing before the Department can impose disciplinary penalties; in such a case you may be asked by the Department Advocates Office to testify at an administrative proceeding.

The integrity and quality of the Police Department's service to the public depends, in large part, upon receiving information regarding the performance of police officers as they carry out their duties. The Civilian Complaint Review Board appreciates your willingness to participate in this extremely important process.

If you have any questions about the current status of your case, please contact the CCRB at (212) 912-7235.

Sincerely,

Jonathan Darche
Executive Director

1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

On July 5th 2019 I paid my phone bill at the Cellpro Inc location, a 55\$ phone service plan with 10\$ for a mobile hot-spot feature, where the store employee attempted to over-charge me by 10\$. The 10\$ was credited to my account so on August 5th 2019 when i paid my phone bill, at the Harty LLC location, i believed the 10\$ had been applied only later on when i attempted to use my mobile hot-spot feature did i learn they had maliciously downgraded my phone plan. On July 18th 2019 i returned to Cellpro Inc to obtain a new phone only to have the employee price gouge me by charge me 150\$ instead of the around 80\$ that was displayed in-store. Less than a week later i came to discover they had sold me a defect model and al though i attempted to return the phone with the week, according to their return policy, they refused. Around August 31st - September 1st I attempted to go to the K&K CT Inc location to buy a new phone only to have them price gouge again this time attempting to charge me 150\$, in what i believe was a childish reference to the previous interaction with Cellpro Inc location, for a 70\$ almost double the price. They claimed all times that taxes brought the price up even though it would have never been anywhere close.

Hello Mrs. Garrett-Scott,

My name is Yaya Jallow, case number: 12022707, and i am currently residing at BRC - Reaching New Height shelter located at 237 Landing Rd, The Bronx, NY, 10468. I have been preceding at this shelter for the last 3 months and during my stay i have been subjected to harassment; stolen from; had my privacy invaded; had my mental& overall character challenged, questioned, and attempted to be discredited. I have been followed by staff on multiple occasions for no apparent legal valid reason & had my personal property misplaces, stolen from (headphones, money {150+}, & approved food). On several occasions I have knowingly locked my locker only to return back from work to find it opened, a feat that could only be accomplished by staff. I have been provoked, harassed, attempted to be intimidated, & bothered all in an attempt to cover-up all the injustices that the staff was performing on me. I have been lied against, caused to loose my job(s), and attempted to be strong-armed into silence all while being treated in a manner that is unbecoming of a facility associated with the department of homelessness. I placed in a grievance complaint in on August 10th but it was brushed off and the staff then stole my usd out of my locker a few days after that

Good morning,

Thank you for your email. I am sorry to hear that your rights are being violated and that your property was stolen but unfortunately you have contact me in error. Our program does not handle complaints and/or grievances for the NYC Department of Homeless Services. Fortunately DHS has an Ombudsman program that might be able to help you. I have provided you with the link below and a copy of their grievance form.

I hope this helps.

Exhibit 37: Similar Situations*

- ***Amadou Diallo***
 - Amadou Diallo was an African immigrant, just like David Oluwale, who NYPD happened to mistakenly identify as a serial rapist, despite not being true nor having any credible information to support it and an obvious scapegoat for murder, that 4 NYPD officer felt the need to kill, probable as a service to the public for reaching for his wallet on February 4th 1999.
- ***Daniel Prude***
 - Daniel Prude was a resident of Rochester, New York who died while being physically restrained while being intoxicated off PCP and walking around naked, something that has been described as a mental health episode instead of what it is, a man being intoxicated and high.
- ***Deborah Danner***
 - Deborah Danner was an elderly Bronx resident that was gunned down by the City of New York Police Department, while holding a baseball bat.
- ***Eric Garner***
 - Eric Garner was a resident of Staten Island who was killed due to a choke-hold after being a victim of discrimination & humiliation at the hands of the City of New York Police Department.
- ***Luis Vasquez***
 - Luis Vasquez was a resident of New York that attempted to take hostages at St. John the Divine to force the government into providing Latin American with support, something that matches all the outlines of terrorism yet the City of New York Police Department personnel felt the need to hesitate in taking him down, something the Defendant's personnel felt the need not to provide to The Plaintiff, instead automatically assuming he was in the wrong and had it been him they would have snipped him on arrival.
- ***Luke h. Patterson***
 - Luke Patterson was a restaurant owner and community activist that was shot by New York State Police during the early morning hours on I-84, near exit 5, when he tried to get inside a "moving" police car after he was deemed to not be cooperative and refusing to obey commands, something it appears the public at large wanted The Plaintiff to do.
- ***Saheed Vessel***
 - Saheed Vassel was a Crown Heights resident that was shot, uncannily very similar to Amadou Diallo, by NYPD when they responded to a 911 call in the area and encountered Saheed and mistaken a metal object he was holding for a gun. The shooting happened April 4th 2019, a year and day after The Plaintiff first ever moved to New York City and a day before his birthday, information that should be present in The Plaintiff's tax filings.
- ***Shaun Fuhr***
 - Shaun Fuhr was a Seattle, Washington man that was killed in the Mount Baker neighborhood. 1:20-cv-06260 (SN) – Yaya Jallow v. City of New York – Magistrate Judge Hon. Sarah Netburn

- All these individuals were killed by Police under the same, probably fabricated or not, situations The Plaintiff would end up finding himself in due to fraudulent 911 calls, a present obvious danger.
- In the months of September – October 2019 there was a total of 8 law enforcement killings in the US, 4 each, an usually statistically occurrence. Then the following month of November there was 2, in the whole country of the United States of America.

Notes

- ***Exhibit 1***

- The Plaintiff would have his 2018 state taxes withheld for no valid nor legitimate reason despite The Plaintiff not being in the state nor ever in contact with the City of Albany nor the New York State Department of Finance every in his life beforehand nor being provided with help obtaining nor investigating the blatant tax theft regardless of the 3 times The Plaintiff would attempt to obtain his state taxes once returning to New York City in May 2019.

- ***Exhibit 2***

- After being questionable detained after being forced to carry his OTDA intake paper with him by BRC staff on May 9th 2019, 8 days after arriving back in New York City after a short visit in March 2019 and moving out of the City in September 2018 The Plaintiff would attempt to obtain station, body cam, and all other martial evidence for said detention, The Plaintiff would have all his FOIR request ignored and instead would experience increased police present everywhere he went, in comparison to his April 2018 - September 2018 visit and overall life experience, and a refusal of service campaign that seems to stem from said May 9th 2019 imprisonment.

- ***Exhibit 3***

- Judgment against The Plaintiff pertaining to aforementioned May 9th arrest, despite being criminal charged and fined The Plaintiff would still be ruled against despite having an abundance of evidence detailing all that was occurring.

- ***Exhibit 7***

- Screenshot of whenever The Plaintiff would have his phone service disconnected during the first weeks of August 2019, after dealing with a blatant theft campaign all summer 2019.

endangerment of a grotesque nature. The Plaintiff would instead have the Office ignore, disregard, demean, & instead antagonize him and and complaint pertaining towards The Plaintiff.

- ***Exhibit 11***

- Somehow personnel already knew The Plaintiff had his wallet stolen, & slides, and despite acting like they knew nothing of or about him, they choose to act like they couldn't ID the complainant. Further proving the criminal intent and malicious nature of The Defendant's personnel actions and intentions.

- ***Exhibit 15***

- Everybody knew what was occurring and deliberated took part in all the criminal activities outlined in this and following complaints. The Doctor deliberately chose to remove her name from the discharge papers and surprise surprise has the same name as a person in the news that was also a possible victim of this False Mental Disability Defraudment Scheme (see Exhibit 37).

- ***Exhibit 16***

- After being forcible detained & imprisoned against his will The Plaintiff would send off the required forms outlining the obvious medical malpractice to the New York State Department of Health & Mental Hygiene.

- ***Exhibit 17***

- The staff went through The Plaintiff's belongings & somehow was able to know about The Plaintiff's ticket fine, an entrapment scheme, despite him not telling anyone what was actually occurring at the time of and even now at the time of writing, January 2021. The Staff knew how much to steal. They either went through his mail as part of their willful and deliberate invasion of privacy and abuse of position.

- ***Exhibit 18 – 20***

- The Plaintiff would send a complaint off to The Bronx Office of Ombudsman after reading their website and being redirected there due to it being their jurisdiction The Plaintiff would receive a response stating that they lacked jurisdiction over his complaint.

- ***Exhibit 21 – 22***

- The Staff went through the unnecessary process of attempting to slander The Plaintiff by attempting to use Department of Homeless Services forms to attempt to soft portray The Plaintiff as crazy to facilitate their plan of transferring The Plaintiff to Kingsboro disciplinary shelter in an attempt to obstruct, hinder, sabotage, & possible kill The Plaintiff.

- ***Exhibit 23***

- Unjust transfer to hinder The Plaintiff and make him possibly lose his CCRB complaint, something he handled on his own and never told anybody anything at all about, not even small talk.

- ***Exhibit 24***

- Never was responded to & instead was formally transferred instead of disciplining their

criminal Staff as part of a deliberate murder & slander attempt.

- **Exhibit 32**

- The Plaintiff would file the claim for this complaint with the New York City Office of the Comptroller on November 22nd 2019 and would be retaliated against the very same day by having his bed withheld, a obvious sign that The Defendant knew of the notice and who the Complaint was and where he was "housed" at.

- **Exhibit 35**

- The Staff's deliberately rubbing in of their racist & bigot worldviews and beliefs and their deliberate racism, regardless of their race.
